

Bhakti Bania
Principal-in-Charge
CEO \ AIA \ LEED AP
bhakti@bbcodesign.com

Bhakti is a registered architect in the State of Ohio and in India as well as a LEED Accredited Professional with over 24 years of work experience. She has worked on a variety of projects, ranging from large multifamily projects and dense mixed-use urban new builds to public projects. Her expertise lies in her ability to distill the big ideas of a project and express these comprehensively in presentations to stakeholders, committees, and design boards.

Bhakti is proficient in designing complex programs into a limited footprint while still maintaining a high design standard. She is interested in exploring new and interesting uses for common building materials, with an emphasis on quality over quantity.

In her current role as CEO of BBCO Design, Bhakti has relentlessly built a strong client base for the company by maintaining existing client relationships and developing new business. An excellent communicator, she has been instrumental in leading the company to its current success.
